

The GM Trust

CERTIFICATE

This is to certify that

Katarzyna Smółka, MD, PhD

has successfully completed the Advanced Training Course B on the Prectl General Movement Assessment, including specific training in optimality scoring for both the writhing and fidgety movements' periods (GMOS-R and MOS-R).

In the final test the holder obtained the maximum score on correct judgement and is entitled to use the Prectl General Movement Assessment and MOS/GMOS in research and clinical practice according to the criteria established by the GM Trust.

This certificate does not qualify the holder to give training courses on this method. Besides additional study requirements, the first step toward obtaining a training license is by attending several courses and passing them with excellent scores on judgement.

Amman, (Jordan) May 25 to 28, 2023
(Venue and Date of the Course)

Professor Giovanni Cioni MD, PhD
President of the
GM Trust Tutors` Association

Professor Christa Einspieler, PhD
Secretary of the GM Trust
